

## BAD COMPANY LEADS TO TROUBLE

Parents of Boys in Court Tell What  
Led Them Into Ways of  
Wrong-Doing.

Rodney Husbands and Walter Edgar, aged 14 and 15 years respectively, were convicted of burglary in the criminal division of the District court yesterday and committed to Judge Morse to the State Industrial school at Ogden. Thomas Cosgrove and George Bates, aged 18 and 15 years, were tried on a similar charge and released under suspended sentence. The parents of the youthful culprits all attributed the criminal actions of the boys to their association with evil companions.

The crime with which the boys were charged was the burglary of Jenkins and Soby's store on West Second South street on the night of February 21st. After the commission of the crime Husbands and Edgar absconded for California, and were captured by the police of Oakland. They confessed to the crime to Sheriff Emery and Sgt. Roberts while being brought back to this city.

Edgar has been up before Judge Morse before, and was released under suspended sentence last fall. He confessed to having placed an obstruction upon the track of the line at Salt Lake with the intention of wrecking the train. He was sent up to Idaho and worked upon a ranch there until last Christmas. His father said the whole trouble was the result of his mingling with bad associates.

Cosgrove and Bates were released upon probation and are only enjoying freedom pending good behavior.

In the case of Eddie Knox, who was convicted of housebreaking a short time ago, a motion for a new trial was argued before Judge Morse and taken under advisement by the court.

## THREE UNHAPPY WIVES GIVEN THEIR FREEDOM

Divorces were granted by Judge Hall yesterday to three unhappy wives. Estelle Christie was given a decree from John E. Christie on the ground of desertion. The court also found that the defendant had been untrue to his wife and guilty of cruelty in telling her afterward of his illicit relations with another woman. By the decree the plaintiff is awarded the ownership of their household goods, and the defendant is ordered to pay her \$32 and \$20 on the first of each month as permanent alimony. The couple were married June 4, 1902.

Cruelty and non-support were the grounds upon which Hattie C. Marshall was given a divorce from Carl E. Marshall. The plaintiff was restored to her maiden name of Hattie C. Howard. Marian S. Steffen was divorced from Christian Steffen on the ground of failure to provide with the common necessities of life.

## CRITCHLOW WINS IN A FRIENDLY SUIT

In the matter of the application for a writ of certiorari made by City Recorder Critchlow against City Judge Tanner a decision was rendered by District Judge Hall yesterday, in which it was held that a defendant cannot escape a judgment after the same has been rendered against him by filing an affidavit of exemption. Judge Tanner has made it a rule in the City court to give a defendant ten days after the rendering of a judgment in which to provide exemption. But Mr.

WILLIAM TAYLOR was drunk; it was plain to be seen that he had been hooded by the name "Thirteen." He said to his Honor, "If I drank thirteen beers, I've lived in this city the last thirteen years. I was last arrested thirteen months ago." The court said, "You're hooded; I'll give you a show."

James Crawford had listened to Taylor's appeal. And straightway attempted his thunder to speak. "I am not hooded," he said, "the most hooded of men. And my hooded, alas! is the numeral 'Ten.' I got in this trouble through ten whiskey soups. When I got out of sight and all in ten hours. They say one policeman arrested me. But I'm willing to swear that I saw at least ten." said the court, "at your strange and true tale. And to make it complete give you ten days in jail."

William Geromus, a Greek, was charged with vagrancy and pleaded not guilty. He seemed at loss for a defense until his wife, who is known as Rosa Johnson, was allowed to prompt him in his cross-examination of the witnesses. She pictured several assertions made by the officers, and testified herself as to the character of her husband, but in spite

Critchlow, clerk of the court, was not familiar with the rule, and some time ago paid a judgment without waiting the expiration of the ten days of grace. The defendant afterward filed an affidavit of exemption and his honor ordered the clerk to pay back to the defendant \$32, or one-half of the amount of the judgment.

The minutes are not explicit on the point raised by the order of the court, and when the clerk hesitated about digging up from his own pocket the \$32 it was decided to bring a friendly action and decide the validity of the rule of ten days. Judge Hall sustained the writ and decreed that the order of the City court requiring the clerk to pay \$32 to the defendant in the former action be annulled and held for naught. The costs are taxed against the defendant.

## LOWER COURT SUSTAINED IN THE HISKEY CASE

Justice McCarthy writes an opinion, handed down in the Supreme court yesterday, affirming the decision of the lower court in the case of Eric U. Hiskey and Marian M. Hiskey vs. the Pacific States Savings Loan and Building company, appellant. The plaintiffs borrowed \$300 from the defendant company and executed a bond and mortgage for the same. The plaintiffs alleged in their complaint that they had paid the principal of the loan and interest, and asked the court order the defendants to cancel and deliver up the bond and mortgage. Under the bond the plaintiffs acquired thirteen shares of stock in the defendant corporation, and the appellant contended that they had not complied in their payments with all the requirements of the bond in relation thereto.

The trial court found in favor of the plaintiffs, and that decision is upheld by the Appellate court. Chief Justice Baughin and Justice Bartlett concur in the opinion.

Court Notes.  
Mark Chays charges his wife, Hilma Chays, with desertion in a complaint for divorce filed in the District court yesterday. The couple were married in this city July 21, 1899, and the plaintiff avers that his wife deserted him about the first of March last year.

The Rio Grande Western Railway company yesterday instituted proceedings in the District court against Leander C. Crossman, et al., to condemn to its use certain pieces of land along the line of its branch road between Reverse and Lark station in Salt Lake county.

## PLANS FOR CLOSING NORTHERN SECURITY CASE

ST. PAUL, April 1.—C. W. Bunn, general counsel of the Northern Pacific road, has returned from New York, where he went to consult with Messrs. Hill and Morgan relative to the affairs of the Securities company.

Mr. Bunn says the plan for closing up the affairs of the merger company as outlined in Mr. Hill's circular to shareholders, will unquestionably be carried out. As to the report that Mr. Harriman would refuse the basis of settlement and would not accept a portion of his interests in Great Northern stock, Mr. Bunn said:

"I think Mr. Harriman will accept. There would appear to be no other way out of the matter. He sold his Northern Pacific stock outright, has been paid for it, and he seems to have no further claim upon that identical stock."

Promotion for Schindler.  
LOS ANGELES, April 1.—A. D. Schindler, former division superintendent of the Santa Fe railroad between San Francisco and Bakersfield, with headquarters at Fresno, has been appointed general manager of the Pacific Electric division of the Huntington trolley lines in this city. He succeeds Eneas Randolph, who retires to take up active management of his private business in Arizona.

Railroad Notes.  
The Missouri Pacific will spend \$200,000 building grain elevators in Kansas City.

Belt railroad is to circle Hammond, Ind., adjoining outskirts of East Chicago.

Alton and Santa Fe will use one of the other's line in getting into St. Louis during the World's fair, the trackage of each being for joint use of the two systems.

The Northwestern will build extensive freight yards at Melrose Park for additional terminal facilities for Chicago, expanding at least \$500,000. It is to be a gravity yard.

New York Central moved 27,125 loaded cars within twenty-four hours last week, 510 more than any previous record.

Vice-President W. C. Brown superintended the movement.

Wall street declares that it will take nearly \$100,000 to secure control of the Union Pacific, and that therefore the purchase of stock by the St. Paul is not for control, but simply to even up pool interests.

Union traction lines throughout central and northern Indiana are said to have suffered over \$200,000 from recent floods. Many bridges and embankments washed away, suspending traffic at many points.

Twentieth Century Limited (New York Central) ran from Syracuse to Little Falls, N. Y., seventy-four miles, in seventy-one minutes one day last week. Continental Limited (Wabash) covered 106 miles in ninety-eight minutes between Montpelier and Peru, Ind., and made two changes of engines.

A new standard Pullman sleeping-car has been built. It is to be perfectly plain throughout the interior and exterior. There is to be no fancy work of any character. The woodwork is to be finely polished and the upholstery, for sanitary reasons, is to be of simply mohair, which is believed, will the least retain and impart disease. All sleeping-cars are hereafter to be of this type of manufacture.

The collectors of "BAD DEBTS" have moved to rooms 205-210 new Atlas block. Phone 205-N and they will call for your accounts.

## ERIE EMPLOYEES WANT OLD WAGES

NEW YORK, April 1.—Employees of the Erie railroad are seeking a readjustment of wages. Last year's increases of 6 per cent were made in all departments. The agreement was to last one year. The employees now wish another advance and their first committee, representing the locomotive drivers, has called on General Manager Stewart, before whom the matter was placed. No conclusion was reached, but

meetings will be held almost daily until the complaints of all departments have been adjusted. The demands of each class of employees are to be considered separately, and advances or reductions in wages will depend wholly upon the merit of individual cases.
